Course Objectives

Sociology is the scientific study of human action and interaction. According to sociologists, our lives are closely intertwined with the societal context in which they take place. This course will introduce you to the discipline of sociology by exploring topics and issues you are probably already familiar with and have discussed before with friends, colleagues, or family. This course goes beyond popular understandings of those issues to understand how society works from a sociological perspective. This course will provide you with the tools to think sociologically and sharpen your “sociological imagination,” which will make you see your everyday world in a new light. By the end of this course, you will be able to identify, analyze, explain, and critically discuss the foundations of sociology (sociological theories and research methods), the foundations of society (culture, socialization, social interaction, consumption, and deviance), the dimensions of social stratification (social class, race and ethnicity, gender & sexuality, and disability), as well as major social institutions (family, the education system, and the media).

Please note: Reading the assigned material, an open mind, and your active participation is required for this class to reach its fullest potential and to make it a rewarding experience for you and me. Furthermore, attendance is important in any class. If you miss a class, you will miss material relevant to your success in this course. To attend classes regularly is your responsibility. If you have to miss a class, it is your responsibility to obtain the covered material from one of your class mates.

Tutorial activities

Tutorial attendance should be considered a requirement, not an option. The tutorials will give you the opportunity to engage with course material in a fun and interactive manner and thereby develop your critical thinking skills, which are essential to the “sociological imagination.” Your grade for this component will be derived from four short writing assignments, which are based on exercises and discussions conducted during the tutorial. Tutorial assignments will be administered and graded by your Teaching Assistant, who will provide you with more information during your tutorials.

2 Midterms

There will be two 75-minute mid-term exams, which might include multiple-choice, true/false, short answer, and short essay questions. Questions will cover the assigned readings (irrespective of whether they were discussed in lecture), lectures, in-class exercises, class discussions, and films. Please refer to the assignment schedule above for chapters covered in each exam.

Final Exam

The final exam is composed of multiple-choice and true/false questions. Questions cover the assigned readings (irrespective of whether they were discussed in lecture), lectures, in-class exercises, class discussions, and films. The final exam is not cumulative. Please refer to the assignment schedule above for chapters covered in the final exam.

Please note that the registrar-scheduled final exam period is December 8-18, 2014. Travel arrangements are not a valid reason to miss the final exam. Please do not make travel arrangements until you know when the exam for this class has been scheduled.

Grading Scale

Letter grades will be assigned and submitted to the registrar based on the following scale:

A+	95 – 100%	B+	80 – 84%	C+	67 – 69%	D+	55 – 58%
A	90 – 94%	B	75 – 79%	C	63 – 66%	D	50 – 54%
A-	85 – 89%	B-	70 – 74%	C-	59 – 62%	F	< 50 %

The grades for a course component may be scaled to maintain equity among sections and to conform to departmental norms.

Emergency evacuations

In the case of fire or other emergency evacuation of this classroom/lab, please proceed to the assembly point by the Professional Faculties - Food Court.

Course Policies

Technology Use

Please note that the use of laptops, tablets, cell phones or other electronic devices is **NOT** permitted during lectures. Students who require the use of electronic devices for academic accommodation purposes are exempt from this policy, but must provide documentation from Student Accessibility Services to the instructor. Please make sure to mute your cell phone and refrain from using it during class.

Attendance and Participation

Reading the assigned material, an open mind, and your active participation is required for this class to reach its fullest potential and to make it a rewarding experience for you and me. Furthermore, attendance is important in any class. If you miss a class, you will miss material relevant to your success in this course. To attend classes regularly is your responsibility. If you have to miss a class, it is your responsibility to obtain the covered material from one of your class mates. If you need to leave class early, it is courteous to sit somewhere that will allow you to leave without disrupting others.

E-mail

Feel free to contact me over email at any time. Please put your course number and section in your email's subject line. Also, it is courteous to include a proper salutation, your full name, student ID, and a proper closing in the body of your email. All emails violating customary email conventions will be ignored. All other emails will be answered within one business day. I do not answer emails over the weekend. Please take that into account when emailing me questions pertaining assignments or exams. If you have a course-related question, please check the course outline first. Questions that can be answered by consulting the course outline will not be answered. Also, please e-mail me for administrative purposes only, for example to set up an appointment. Please do not use e-mail as a replacement for an office visit, if there is something you want to discuss. Questions about the course content and readings, concerns about grades, or any other personal issues should be dealt with in person during my office hours.

Assignments and Deferrals

It is your responsibility to complete and submit all assignments outlined in this course outline. If at all possible you must provide **advance** notice to the instructor if you are unable to take a test or pass in an assignment on time. All requests for a deferral of an exam or assignment due to health reasons must be accompanied by written documentation as outlined in the University Calendar and should be obtained while you have the physical or emotional problem rather than after recovery. Deferrals will be allowed in the following circumstances: illness, domestic affliction or religious conviction. **Travel arrangements, misreading of the syllabus, and scheduling conflicts with other classes or employment responsibilities** are not valid reasons for requesting a deferral. Deferrals will not be granted if it is determined that just cause is not shown by the student. There are absolutely NO EXCEPTIONS.

If you have missed an exam for a legitimate reason, I can require you to write a “make up” test as close in time to the original test as possible or can choose to transfer the percentage weight to another course component. If I schedule a “make up” test for you, its date and location will be at the convenience of the Sociology Department.

Assignments submitted late (as of the beginning of class on the dates indicated in the assignment schedule) without due cause are subject to a **5 percentage points deduction** (i.e. 80% instead of 85%) for **each day** past the due date. Assignments not submitted within **7 calendar days** of the due date without approval for extension will automatically receive a **grade of 0**.

Deferred Final Exam Form:

Please note that requests to defer a Registrar-scheduled final exam are dealt with through the Registrar’s Office. Further information about deadlines, and where paperwork should be taken, is available on the form, which can be found at:

<http://ucalgary.ca/registrar/files/registrar/fl3w14-dfe-application.pdf>

Handing in papers outside of class, return of final papers, and release of final grades

1. When students are unable to submit papers in class, they should make arrangements to hand in their papers directly to the instructor/TA. Electronic submissions via email or D2L, papers placed under the instructor’s/TA’s door, or those submitted to the administrative assistants in the department’s main office will **NOT** be accepted.
2. Final papers will not be returned through the main Sociology Department office. The Freedom of Information and Privacy (FOIP) legislation disallows the practice of having students retrieve assignments from a public place (i.e. outside an instructor’s office, the department office etc.) Students who want their final papers returned by mail must attach a stamped, self-addressed envelope with the paper. Otherwise final papers will be available for pick-up only during the instructor’s office hours at the end of this term or at the beginning of the next term.
3. Final grades are not posted by the Sociology Department. They are available only online.

Ethics Research

Please be advised that any research involving human subjects - including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Faculty Ethics Committee. In completing course requirements, you must not undertake any human subjects research without discussing your plans with me, to determine if ethics approval is required.

Academic Misconduct

Plagiarism, cheating and other academic misconduct are regarded as serious academic offences. Please be advised to consult the University Calendar which presents a Statement of Intellectual Honesty and definitions and penalties associated with cheating, plagiarism, and other academic misconduct.

The Freedom of Information and Protection of Privacy (FOIP) legislation

...disallows the practice of having students retrieve assignments from a public place, e.g., outside an instructor's office or the Department's main office. I will return written assignments individually during class, or during my office hours. If you are unable to pick up your assignment, you may provide me with a stamped, self-addressed envelope to be used for the return of your assignment.
