Course Description

“Neither the life of an individual nor the history of a society can be understood without understanding both.”

C. Wright Mills, *The Sociological Imagination*

Sociology is the scientific study of human action and interaction. According to sociologists, our lives are closely intertwined with the societal context in which they take place. This course will introduce you to the discipline of sociology by exploring topics and issues you are probably already familiar with and have discussed before with friends, colleagues, or family. This course goes beyond popular understandings of those issues to understand how society works from a sociological perspective. This course will provide you with the tools to think sociologically and sharpen your “sociological imagination,” which will make you see your everyday world in a new light. Over the course of the semester, we will identify, analyze, explain, and critically discuss the foundations of sociology (sociological theories and research methods), the foundations of society (e.g. culture, socialization, social interaction, and deviance), the dimensions of social inequalities (e.g. social class, ethnicity & racialization, and gender & sexuality), as well as major social institutions (e.g. families & the education system).

Course Objectives/Learning Outcomes

By the end of this course, successful students will be able to:

- summarize, compare, and apply analytic frameworks and theories to studying society and elements thereof.
- differentiate and compare methodological approaches commonly used by sociologists.
- describe the sociological imagination using examples from their own lives.
- critically reflect on the relationship between social forces and individual experiences using examples from their own lives.
- compare and contrast common-sense and sociological explanations of various social phenomena, current social events, and societal conflicts.
- critically debate dimensions of social inequality in Canadian society, making reference to their historical context and institutional embeddedness.
- read efficiently, take lecture notes effectively, and study for exams proficiently.

Required Textbook

(available at the UofC Bookstore, Bound and Copied, and Taylor Family Digital Library-TFDL reserve)

- Please do not purchase an earlier edition of the text. It will inadequately prepare you for the assessments.

*Please note that I do not offer extra-credit options beyond what is listed below.

**10 Online reading quizzes (15% of final grade)**

The purpose of the reading quizzes is to encourage you do your assigned readings regularly and thereby refine your reading skills. Studies repeatedly show that students will not complete their readings unless there is some form of incentive attached. However, completing the assigned readings prior to class will greatly facilitate your learning of the material and reduce preparation time prior to exams. Completing the assigned readings also allows you to process some of the material prior to class and contribute meaningfully to group discussions and in-class exercises. Note: Since the reading quizzes test your reading comprehension, you will be quizzed on the assigned readings BEFORE we expand on them in lectures.

I will make 1 ungraded practice quiz, covering Chapter 1 of your textbook, available during the first 2 weeks of classes. The first graded quiz covers the course outline and is available the first 2 weeks of classes. Subsequently, each quiz will be made available on D2L 1 week before the corresponding chapter is covered in class and must be completed before the beginning of the respective class. For example, the second graded reading quiz will cover readings posted on D2L on culture assigned for week 4 (February 3-7). The quiz will be posted on Monday, January 27 after class (14:50) and must be completed before class starts on Monday, February 3 (14:00). Each quiz has 15 questions and you will have 1 15-minute attempt to complete the quiz, which simulates exam conditions. Students with academic accommodations will receive extra time for the reading quizzes as indicated in their academic accommodation letters.

There will be 10 graded quizzes in total. If you do not complete a quiz without due cause (as outlined in the assignment policies below), you will receive an automatic grade of 0. If you have missed a quiz for legitimate reasons, please contact the instructor to discuss makeup options. More information and a quiz schedule are provided on D2L.

**2 Midterms (20% and 30% of final grade respectively)**

There will be 2 45-minute exams which might include multiple-choice, and true/false questions as well as fill-in-the-blanks. The exact exam format will be announced in class prior to each exam. Questions will cover the assigned readings (irrespective of whether they were discussed in lecture), lecture material, in-class exercises, class discussions, and films. Questions are designed to test your comprehensive understanding of course material rather than your memorization skills. Please refer to the assignment schedule above for material covered in each exam. Study tips will be discussed in class and provided on D2L.

**Final Exam (35% of final grade)**

The final exam for this course will be scheduled by the Office of the Registrar. The 2-hour final exam will consist of 100 multiple-choice questions. Questions will cover the assigned readings (irrespective of whether they were discussed in lecture), lectures, in-class exercises, class discussions, and films. The final exam is not cumulative. Questions are designed to test your comprehensive understanding of course material rather than your memorization skills. The exam is not cumulative. Please refer to the assignment schedule for material covered in the final exam.
Extra-credit work

To encourage you to develop and refine key academic skills, you can earn extra-credit by completing **Success Seminars** offered by the **Student Success Centre (SSC)**. Seminars focus on topics such as time management, academic reading, effective note-taking, getting the most out of lectures, preparing for multiple choice exams, and more. For each seminar you complete, you will receive 1 percentage point bonus on your final exam grade (so, for example, 79+1=80%; however, your final exam grade cannot exceed 100%). You can take as many seminars as you wish; you will receive extra credit for up to 3 of them. In order to receive credit, documentation of completion will be required. It is your responsibility to select, book, attend, and provide proof of completion for those workshops. To receive extra-credit,

- the seminar must be completed in the winter 2020 semester,
- seminars must be identified as ‘Success Seminar’ by the SSC, and
- you must take 3 distinct seminars.

Documentation of attendance must be provided no later than the day of the final exam. Please follow the detailed instructions provided on D2L under Content → “Success Seminars.”

**Note:** If you cannot make it to a workshop you booked, you must cancel it to make your spot available to another students. Since it is not fair to impede another students’ ability to enroll in a course, I will deduct 1 point from your extra-credit total for each “no show” on your registration page for Success Seminars booked in the winter 2020 semester.

### Grading Scale

Letter grades will be assigned and submitted to the registrar based on the following scale. To maintain consistency in grade assignments, final grades will not be rounded up, not matter how close they are to the cut-off to the next better letter grade.

### Grade Reappraisal

If you chose to seek reappraisal of examinations or assignments, you must submit a written response to the instructor explaining the basis for reconsideration of your assessment within 10 business days of receiving your grade. Please note that the re-evaluation of course work can lead to the grade being raised, lowered, or it might remain the same. For more information, see: [https://www.ucalgary.ca/pubs/calendar/current/i-2.html](https://www.ucalgary.ca/pubs/calendar/current/i-2.html)
Course Policies

Topics discussed and material included in this course will be explicit at times (deviance, violence, sexuality, profanity, etc.). You might find yourself reacting to that content with discomfort or distress, either because of personal experiences you had or because it conflicts with your personal convictions. While discomfort is part of any learning process, please do not hesitate to reach out to me should you need support/resources beyond what is provided on D2L under “Course Resources.”

Attendance, Participation, and Classroom Etiquette
Regular attendance and reading the assigned material, an open mind, as well as your active and meaningful participation is required for this class to reach its fullest potential and to make it a rewarding experience for you and me. Lectures will build on, but not necessarily summarize the assigned reading. I expect you to have critically read the assigned texts, that you are an active participant in class discussions, and that your contributions are informed by the assigned reading. I expect you to be on time so that other students in the class are not interrupted by your late arrival. During lectures, please make sure not to distract your fellow students in any way. If you have to arrive late or need to leave class early, please sit in the designated sections identified at the beginning of the semester so you can settle down or leave without disrupting others. If you miss a class due to unexpected circumstances, make sure to obtain notes from a class mate.

Please keep in mind that all participants in this class are diverse in terms of their positions in complex social hierarchies organized around social class, race, ethnicity, citizenship, gender identities and expressions, sexual orientation, age, disabilities, etc. Material discussed in class will at times reflect, at times challenge or even contradict your own life experiences. In an effort to make this course welcoming and safe for all, please interact with all participants (fellow students, instructor, TA, and guest speakers) professionally and respectfully.

Lecture Slides
PowerPoint slides for each lecture will be posted on D2L in advance of the lecture during which they will be covered. PowerPoint slides posted on D2L will provide a lecture outline, but not complete lecture content. To assist your note-taking, I suggest you bring posted slides to class and complete each slide during lecture. Empirical evidence suggests that taking notes by hand is more effective than taking notes electronically, which tends to produce detailed transcriptions of the lectures rather than capturing its main points. To aid your note-taking, I will provide guidelines for effective notes at the beginning of the term, and post some helpful resources on D2L under “Course Resources”.

Recording of Lectures
Note that the audio or video recording of lectures and taking pictures of PowerPoint slides during the lecture are not permitted without explicit authorization. To do so without the instructor’s authorization constitutes academic misconduct, according to the University of Calgary Calendar. For more information click here: http://www.ucalgary.ca/pubs/calendar/current/k-5.html.

Sharing of Lecture Notes and Exam Questions
Note that publicly sharing lectures notes and exam questions on 3rd party sites such as OneClass, StudyBlue, Quizlet, etc. is not permitted. If you wish to use these helpful studying tools, make sure you adjust your privacy settings accordingly. Any violations are subject to investigation under the UofC Student Non-Academic Misconduct Policy. For more information, click here: http://ucalgary.ca/policies/files/policies/non-academic-misconduct-policy_1.pdf.
Instructor Intellectual Property

Course materials created by professor(s) (including course outlines, presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may not be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.

E-mail

Please send emails only from your ucalgary account. Please put your course and section number in your email’s subject line. It is courteous to include a proper salutation, your full name, student ID, and a proper closing in the body of your email. All emails will be answered within one business day. I tend to not check or answer emails on weekends. Please e-mail me for administrative purposes only. Questions about the course content, concerns about grades, or personal issues should be discussed in person during my office hours. If you have a specific course-related question, please check the course outline first.

Office Hours

I will hold office hours on Mondays from 11:30-13:30 and Thursdays from 9:30-11:30. If you would like to meet during regularly scheduled office hours, please book your appointment here: https://appoint.ly/t/atezli. Please provide a brief description of the purpose of our meeting when you make your appointment so I can prepare for our meeting in advance. Time permitting, I will meet with students without previously arranged appointments on a first-come first-served basis. If my office hours do not work for your schedule regularly, please email me your request for an appointment along with a screenshot of your schedule. I will then identify a timeslot that works for both of our schedules. Please note: I will not hold office hours during the midterm break, on statutory holidays, and during the final exam period. Please plan your visit accordingly.

Technology Use

Please note that the use of laptops or tablets during lectures is restricted to the left and right isles in the lecture hall. The centre isle is a distraction free zone and the use of laptops and tablets is not permitted there. To avoid distracting yourself and those around you, please use electronic devices during lectures for class-related purposes only. Please make sure to mute your phones at the beginning of class, and refrain from using them during lecture.

Private information related to the individual student is treated with the utmost regard by the faculty at the University of Calgary.
3. Final grades are not posted by the Sociology Department. They are only available online.
**Research Ethics**

Students are advised that any research involving human subjects - including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Departmental Ethics Committee. **Absences and Deferrals**

It is your responsibility to complete all assessments listed in this course outline. If at all possible, you must provide advance notice to the instructor if you are unable to take a test as scheduled or submit an assignment on time. Valid reasons to miss an assessment are: illness, domestic affliction, religious conviction, and student athletes travelling for competitions. Travel arrangements, misreading of the syllabus, and scheduling conflicts with other classes or employment responsibilities are not considered valid reasons to miss an assessment. All requests for a deferral of an exam or assignment due to health reasons must be accompanied by written documentation as outlined in the University Calendar.

*Missed Midterm Exams:*
There are no makeup exams for missed midterms. In case of an excused absence from a midterm as defined above, the weight of the missed exam will be transferred to the other course components.

*Deferred Final Exam Form:*
Please note that requests to defer a Registrar scheduled final exam are dealt with through the Registrar’s Office. Further information can be found at: https://www.ucalgary.ca/registrar/exams/deferred-exams.
