Course Description

Sociological problems regarding the origin, impact and definition of law, dispute resolution, and the relationship between law and social change.

Course Objectives/Learning Outcomes

This course explores the social basis of law-society relations. Law is a social phenomenon that is both shaped by and shapes the society in which it operates. The course examines a variety of classical, modern, and post-modern theoretical perspectives to investigate substantive issues that pertain to the role of law in reproducing particular social orders. To understand law from a sociological perspective is to examine law as an historical creation emerging out of specific sets of power and knowledge relations.

1. To understand the classical and contemporary theoretical arguments about the nature and role of law in society.
2. To develop the capacity for evaluating socio-legal arguments about the nature and role of law.
3. To be able to identify the major strengths and weakness of arguments about the nature and role of law.
4. To be able to apply critical analysis to socio-legal claims and conduct independent analysis.

Course Format

This course is delivered in a hybrid format (both asynchronous and synchronous). The lectures on Thursdays will be delivered synchronously in a live discussion format via Zoom. Zoom links can be found in D2L. Lectures on Tuesdays will be delivered asynchronously (pre-recorded) and made available Tuesday afternoons (see weekly folders in D2L for pre-recorded lectures).

Methods of Assessment and Grading Weights

	Assessment	Weight	Week
1	Three (3) Learning Checks (25% each)	75%	Quiz 1: Sept. 28 Quiz 2: Nov. 2 Quiz 3: Dec. 7
2	Final Exam (cumulative)	25%	Registrar Scheduled Exam
4	Bonus Syllabus & D2L Quiz	2%	Sept 7-14 (open for 1 week and may be repeated)

Details of Student Assessments:

Bonus Syllabus Quiz (2%)

The bonus quiz is a quiz on the syllabus that you can complete for bonus marks. It is open for one week beginning on Tuesday September 7, 2021 until Tuesday September 14, 2021 at 11:59 p.m. You have as long as you want to complete this quiz and may repeat the quiz as many times as you like, until it closes. You may consult the syllabus, reading schedule and D2L folders as you complete it.

Three Learning Checks (75%)

Learning checks will be posted on Tuesdays at 15:30 and can be found in the weekly folders in D2L. Learning checks are “open book” (though you should not need the resources if you have studied!) but they are not “open friend.” This means that you should not consult with friends during the quiz. If you are tempted to do so, you should know that the quizzes draw from a large sample of questions, so not everyone will have the same quiz questions. Thus, you may be wasting your time if you ask a friend questions or offer help.

The learning checks will be available for 48 hours once they open on Tuesdays at 15:30 to allow for flexibility. You must begin the learning check 60 minutes before they are scheduled to close for that week (availability ends on Thursdays at 15:30).

Each learning check is multiple choice and/or T/F. Each learning check is timed and sequential. Once you begin the learning check you will have 60 minutes to complete 30 questions. These learning checks are scheduled for you to complete during asynchronous portion of the course so as to not overlap with your other commitments.

The learning checks consist of key questions and cover the readings and lecture materials for each relevant week (pro-tip: look for overlap between readings and my narrated slides). To preserve academic integrity and in fairness to all students, you will not be able to see the quiz questions as soon as you complete them. The score will be made available to you once you submit your quiz. You will be able to access your answers showing correct/incorrect answers once everyone has completed the learning check. This will be helpful for you to study for the final exam.

NB: If for some unforeseen reason you are not able to complete the learning check during the 48-hour window please contact the instructor – I am able to accommodate reasonable unforeseen issues that may arise by providing a short extension to your individual timeframe for the learning checks.

Final Exam (25%)

The final exam is cumulative of all coursework for the term. Feedback from the learning checks supports your preparation for the final exam. The final exam is scheduled for 90 minutes in which you will be asked approximately 60 multiple choice and true/false questions. These questions will be based upon the previous questions asked throughout the three learning checks. You should use the learning checks as a study aid to prepare for the final exam.

Final Exam Information

The final exam is worth 25% of your final grade. The exam is cumulative of all work covered in the course. It is open book, and comprised of multiple choice and true/false questions. The day and time of the final exam is scheduled by the Registrar and will be announced once scheduled.

Students will have access to the exam for a 24-hour period **ending** with the Registrar's scheduled time. Within that window, student will have (90 minutes) to write the exam once they begin it.

Grading Scale

Letter grades will be assigned and submitted to the registrar based on the following scale:

Grade	Percent range	Grade Point Value	Description
A+	96 – 100%	4.0	Outstanding performance
A	90 – 95.99%	4.0	Excellent performance
A-	85 – 89.99%	3.7	Approaching excellent performance
B+	80 – 84.99%	3.3	Exceeding good performance
B	75 – 79.99%	3.0	Good performance
B-	70 – 74.99%	2.7	Approaching good performance
C+	67 – 69.99%	2.3	Exceeding satisfactory performance
C	63 – 66.99%	2.0	Satisfactory performance
C-	59 – 62.99%	1.7	Approaching satisfactory performance
D+	55 – 58.99%	1.3	Marginal pass. Insufficient preparation for subsequent courses in the same subject
D	50 – 54.99%	1.0	Minimal Pass. Insufficient preparation for subsequent courses in the same subject.
F	<50%	0	Failure. Did not meet course requirements.

Passing Grades

A passing grade on each of the three learning checks is required to pass this course.

Absences and Deferrals

Students who miss class assessments (tests, participation activities, or other assignments) should inform their instructor as soon as possible. If the reason provided for the absence is acceptable, the instructor may decide that any arrangements made can take forms other than make-up tests or

assignments. For example, the weight of a missed grade may be added to another assignment or test.

Deferred Final Exam Form: Please note that requests to defer a Registrar scheduled final exam are dealt with through the Registrar's Office. Further information can be found at:
<https://www.ucalgary.ca/registrar/exams/deferred-exams>

Deferred Term Work Form: Deferral of term work past the end of a term requires a form to be filled out by the student and submitted, along with any supporting documentation, to the instructor. The form is available at:

<https://live-ucalgary.ucalgary.ca/sites/default/files/teams/14/deferral-of-term-work-2020.pdf>

Once an extension date has been agreed between instructor and student, the instructor will email the form to the Faculty of Arts Program Information Centre (ascarts@ucalgary.ca) for approval by the Associate Dean.

Grade Reappraisal

Within two weeks of the date the exam/assignment is returned, students seeking reappraisal of examinations or assignments must submit a written response to the instructor explaining the basis for reconsideration of one's mark. The instructor will reconsider the grade assigned and will then book a time with the student to discuss their own work and rationale. It should be noted that a re-assessed grade may be raised, lowered, or remain the same.

Handing in Papers, Assignments

1. The main Sociology Department office does not deal with any course-related matters. Please speak directly to your instructor.
2. **Protection of Privacy:** The Freedom of Information and Protection of Privacy (FOIPP) legislation does not allow students to retrieve any course material from public places. Anything that requires handing back will be returned directly during class or office hours. If students are unable to pick up their assignments from the instructor, they can provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment. Private information related to the individual student is treated with the utmost regard by the faculty at the University of Calgary
3. Final grades are not posted by the Sociology Department. They are only available online.

Guidelines for Zoom Sessions

Zoom is a video conferencing program that will allow us to meet at specific times for a "live" video conference, so that we can have the opportunity to meet each other virtually and discuss relevant course topics as a learning community.

To help ensure Zoom sessions are private, do not share the Zoom link or password with others, or on any social media platforms. Zoom links and passwords are only intended for students registered in the course. Zoom recordings and materials presented in Zoom, including any teaching materials, must not be shared, distributed or published without the instructor's permission.

The use of video conferencing programs relies on participants to act ethically, honestly and with integrity; and in accordance with the principles of fairness, good faith, and respect (as per the [Code of Conduct](#)). When entering Zoom or other video conferencing sessions (such as MS Teams), you play a role in helping create an effective, safe and respectful learning environment. Please be mindful of how your behaviour in these sessions may affect others. Participants are required to use names officially associated with their UCID (legal or preferred names listed in the Student Centre) when engaging in these activities. Instructors/moderators can remove those whose names do not appear on class rosters. Non-compliance may be investigated under relevant University of Calgary conduct policies (e.g [Student Non-Academic Misconduct Policy](#)). If participants have difficulties complying with this requirement, they should email the instructor of the class explaining why, so the instructor may consider whether to grant an exception, and on what terms. For more information on how to get the most out of your zoom sessions visit: <https://elearn.ucalgary.ca/guidelines-for-zoom/>.

Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected to turn on their webcam (for group work, presentations, etc.)

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

Media Recording

Please refer to the following statement on media recording of students:

https://elearn.ucalgary.ca/wp-content/uploads/2020/05/Media-Recording-in-Learning-Environments-OSP_FINAL.pdf

***Media recording for lesson capture**

The instructor may use media recordings to capture the delivery of a lecture. These recordings are intended to be used for lecture capture only and will not be used for any other purpose. Although the recording device will be fixed on the Instructor, in the event that incidental student participation is recorded, the instructor will ensure that any identifiable content (video or audio) is masked, or will seek consent to include the identifiable student content to making the content available on University approved platforms.

***Media recording for self-assessment of teaching practices**

The instructor may use media recordings as a tool for self-assessment of their teaching practices. Although the recording device will be fixed on the instructor, it is possible that student participation

in the course may be inadvertently captured. These recordings will be used for instructor self-assessment only and will not be used for any other purpose.

***Media recording for the assessment of student learning**

The instructor may use media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

Research Ethics

Students are advised that any research with human subjects – including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Conjoint Faculties Research Ethics Board. In completing course requirements, students must not undertake any human subjects research without discussing their plans with the instructor, to determine if ethics approval is required.

Copyright Legislation

All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright (<https://www.ucalgary.ca/legal-services/sites/default/files/teams/1/Policies-Acceptable-Use-of-Material-Protected-by-Copyright-Policy.pdf>) and requirements of the Copyright Act (<https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html>) to ensure they are aware of the consequences of unauthorized sharing of course materials (including instructor notes, electronic versions of textbooks etc.). These materials may NOT be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.
