Course Description and Learning Objectives

Broadly defined, social stratification is the ranking of individuals into the various social hierarchies of class, status and power. More specifically, it explores how achieved and ascribed characteristics are related to social class and related economic outcomes. In other words, the course is primarily about the causes and consequences of economic inequality, work, and labour. We will be concerned mostly with large scale societal patterns rather than the process by which individuals gain status in small groups. Although some of the material will be comparative and pertain to modern Democracies generally, emphasis will be on Canadian society.

Course Format

This course will require synchronous involvement. Lectures will not be posted on D2L.

Schedule of Lectures and Readings

TBD

Methods of Assessment and Grading Weights

The course will have four requirements that will contribute to your final course grade:

2.1 First in-class test (35% of course grade): 1st week of February. You will have 5 days (Monday-Friday) to complete the test online. You will be allowed the full examination period of three hours.

This test will cover all readings and lectures to this point in the course.

2.2 Final Exam (35% of course grade): Exam Period (TBD)

This test will take place during the registrar-scheduled final exam period. The test will cover all readings and lectures

2.3 Short Essay (30% of course grade): Due March 25th 2021.

You are required to write a short essay on one of the weekly topics shown in the course schedule below (there will be no substitutions). You should cite at least 15 sources from academic journals and/or books outside of the required readings for the course. Textbook citations do not count as part of the 15 sources. At least 10 of these sources should be dated 1995 or more recent. The paper should read much like a literature review for an academic paper appearing in a top-tier sociological

journal such as the American Sociological Review. The paper must be at least 6 pages but no more than 8 pages in length (typed, double-spaced, 12-point font)—material past page 8 will not be evaluated.

The short essay is due electronically before class on Friday, March 25th. Your paper grade will be deducted 5 percent each day it is late. I will not give extensions except under very special circumstances. I suggest, therefore, that you plan to have the paper finished long before the deadline.

Some words of advice on how to write a good paper:

1. Make sure to start with a research question and set out to show the evidence both for and against it, coming to a conclusion at the end. Be sure to use published sociological research as your evidence.
2. Look at recent articles in the American Sociological Review, especially their literature reviews, for models on how to write a good paper. You will notice that papers with similar findings are grouped together. That is, you do not need to give a detailed summary of every paper you cite! You should also make sure to cite the most important works in the field, rather than simply the ones that you come across first. That is, a good paper will provide a description of the most important findings regarding a particular research topic. In other words, it gives an indication of how the field got to where it is.
3. The 15 good sources is the bare minimum. Your paper grade will be deducted 1 mark (i.e., 1/30 of the total grade) for each source less than the required 15.
4. Ensure that your writing is clear and straight to the point. If the same point can be made as clearly in 10 words as in 20 words, the 10-word version is always better.
5. Make sure to use proper grammar and spelling. I don't like wasting my time reading junk. You will receive a poor grade if the paper is not polished, so be sure to make several edits before submitting a final version.
6. Finally, both the University of Calgary and I take plagiarism very seriously.

Exam 1: 1st week of February 35%

Exam 2: Exam Period TBD 35%

Short Essay: March 25th 30%

Final Exam Information

Our final three-hour exam will be registrar-scheduled. As soon as this information becomes available it will be posted on D2L. You will be given 24 hours in which to write your exam. The 24-hour window to complete your exam ends at the end of the registrar-scheduled time.

Grading Scale

Letter grades will be assigned and submitted to the registrar based on the following scale:

Grade	Percent range	Grade Point Value	Description

B+	80 – 84.99%	3.3	Exceeding good performance
B	75 – 79.99%	3.0	Good performance
B-	70 – 74.99%	2.7	Approaching good performance
C+	67 – 69.99%	2.3	Exceeding satisfactory performance
C	63 – 66.99%	2.0	Satisfactory performance
C-	59 – 62.99%	1.7	Approaching satisfactory performance
D+	55 – 58.99%	1.3	Marginal pass. Insufficient preparation for subsequent courses in the same subject
D	50 – 54.99%	1.0	Minimal Pass. Insufficient preparation for subsequent courses in the same subject.
F	<50%	0	Failure. Did not meet course requirements.

Absences and Deferrals

Students who miss class assessments (tests, participation activities, or other assignments) should inform their instructor as soon as possible. If the reason provided for the absence is acceptable, the instructor may decide that any arrangements made can take forms other than make-up tests or assignments. For example, the weight of a missed grade may be added to another assignment or test.

Deferred Final Exam Form: Please note that requests to defer a Registrar scheduled final exam are dealt with through the Registrar's Office. Further information can be found at:

<https://www.ucalgary.ca/registrar/exams/deferred-exams>

Deferred Term Work Form: Deferral of term work past the end of a term requires a form to be filled out by the student and submitted, along with any supporting documentation, to the instructor. The form is available at:

<https://live-ucalgary.ucalgary.ca/sites/default/files/teams/14/deferral-of-term-work-2020.pdf>

Once an extension date has been agreed between instructor and student, the instructor will email the form to the Faculty of Arts Program Information Centre (ascarts@ucalgary.ca) for approval by the Associate Dean.

Grade Reappraisal

Within two weeks of the date the exam/assignment is returned, students seeking reappraisal of examinations or assignments must submit a written response to the instructor explaining the basis for reconsideration of one's mark. The instructor will reconsider the grade assigned and will then book a time with the student to discuss his or her work and rationale. It should be noted that a re-assessed grade may be raised, lowered, or remain the same.

Handing in Papers, Assignments

1. The main Sociology Department office does not deal with any course-related matters. Please speak directly to your instructor.
2. **Protection of Privacy:** The Freedom of Information and Protection of Privacy (FOIPP) legislation does not allow students to retrieve any course material from public places. Anything that requires handing back will be returned directly during class or office hours. If students are unable to pick up their assignments from the instructor, they can provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment. Private information related to the individual student is treated with the utmost regard by the faculty at the University of Calgary
3. Final grades are not posted by the Sociology Department. They are only available online.

Guidelines for Zoom

Zoom is a video conferencing program that will allow us to meet at specific times for a "live" video conference, so that we can have the opportunity to meet each other virtually and discuss relevant course topics as a learning community.

To help ensure Zoom sessions are private, do not share the Zoom link or password with others, or on any social media platforms. Zoom links and passwords are only intended for students registered in the course. Zoom recordings and materials presented in Zoom, including any teaching materials, must not be shared, distributed or published without the instructor's permission.

The use of video conferencing programs relies on participants to act ethically, honestly and with integrity; and in accordance with the principles of fairness, good faith, and respect (as per the [Code of Conduct](#)). When entering Zoom or other video conferencing sessions (such as MS Teams), you play a role in helping create an effective, safe and respectful learning environment. Please be mindful of how your behaviour in these sessions may affect others. Participants are required to use names officially associated with their UCID (legal or preferred names listed in the Student Centre) when engaging in these activities. Instructors/moderators can remove those whose names do not appear on class rosters. Non-compliance may be investigated under relevant University of Calgary conduct policies (e.g [Student](#)

[Non-Academic Misconduct Policy](#)). If participants have difficulties complying with this requirement, they should email the instructor of the class explaining why, so the instructor may consider whether to grant an exception, and on what terms. For more information on how to get the most out of your zoom sessions visit: <https://elearn.ucalgary.ca/guidelines-for-zoom/>.

If you are unable to attend a Zoom session, please contact your instructor to arrange an alternative activity for the missed session (e.g., to review a recorded session). Please be prepared, as best as you are able, to join class in a quiet space that will allow you to be fully present and engaged in Zoom sessions. Students will be advised by their instructor when they are expected to turn on their webcam (for group work, presentations, etc.).

The instructor may record online Zoom class sessions for the purposes of supporting student learning in this class – such as making the recording available for review of the session or for students who miss a session. Students will be advised before the instructor initiates a recording of a Zoom session. These recordings will be used to support student learning only and will not be shared or used for any other purpose.

Media Recording

Please refer to the following statement on media recording of students:

https://elearn.ucalgary.ca/wp-content/uploads/2020/05/Media-Recording-in-Learning-Environments-OSP_FINAL.pdf

***Media recording for lesson capture**

The instructor may use media recordings to capture the delivery of a lecture. These recordings are intended to be used for lecture capture only and will not be used for any other purpose. Although the recording device will be fixed on the Instructor, in the event that incidental student participation is recorded, the instructor will ensure that any identifiable content (video or audio) is masked, or will seek consent to include the identifiable student content to making the content available on University approved platforms.

***Media recording for self-assessment of teaching practices**

The instructor may use media recordings as a tool for self-assessment of their teaching practices. Although the recording device will be fixed on the instructor, it is possible that student participation in the course may be inadvertently captured. These recordings will be used for instructor self-assessment only and will not be used for any other purpose.

***Media recording for the assessment of student learning**

The instructor may use media recordings as part of the assessment of students. This may include but is not limited to classroom discussions, presentations, clinical practice, or skills testing that occur

during the course. These recordings will be used for student assessment purposes only and will not be shared or used for any other purpose.

Research Ethics

Students are advised that any research with human subjects – including any interviewing (even with friends and family), opinion polling, or unobtrusive observation – must have the approval of the Conjoint Faculties Research Ethics Board. In completing course requirements, students must not undertake any human subjects research without discussing their plans with the instructor, to determine if ethics approval is required.

Copyright Legislation

All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright (<https://www.ucalgary.ca/policies/files/policies/acceptable-use-of-material-protected-by-copyright-policy.pdf>) and requirements of the Copyright Act (<https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html>) to ensure they are aware of the consequences of unauthorized sharing of course materials (including instructor notes, electronic versions of textbooks etc.). Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy.

Instructor Intellectual Property

Course materials created by professor(s) (including course outlines, presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the professor(s). These materials may NOT be reproduced, redistributed or copied without the explicit consent of the professor. The posting of course materials to third party websites such as note-sharing sites without permission is prohibited. Sharing of extracts of these course materials with other students enrolled in the course at the same time may be allowed under fair dealing.

Recording of Lectures

The audio or video recording of lectures and taking screenshots of PowerPoint slides during the lecture are not permitted without explicit authorization. The non-authorized media recording of lectures is inconsistent with the Code of Conduct and may result in discipline in accordance with the Student Non-Academic Misconduct Policy and Procedure.
